

EVENT PRECAUTION SELECTIONS

An inherent risk of exposure to COVID-19 exists in any public place where people are present. COVID-19 is an extremely contagious disease that can lead to severe illness or death. According to the Centers for Disease Control and Prevention, senior citizens and guests with underlying medical conditions are especially vulnerable. The management of the Grand Wayne Center (GWC) joins public health officials in strongly recommending and encouraging the wearing of masks or facial coverings and the practice of social distancing when in public spaces. Masks and social distancing have been proven as effective mitigation techniques to prevent the spread of COVID-19.

The Allen County Capital Improvement Board of Managers and the Grand Wayne Center hereby grant the organizer or promoter of an event (“Licensee”), who is licensing the property from a political subdivision, the option to enforce its own mask and social distancing conditions within their rental space, related to the COVID-19 pandemic.

Please identify below which of the following precautionary measures you will employ within your event rental space:

- Require and/or recommend face coverings for all workers and attendees, except where an individual is unable to wear a face covering due to a medical condition or disability.
- Require and/or recommend that all participants maintain at least 6 feet of physical distance whenever possible.
- Configure common spaces and high-density areas where attendees are likely to congregate to allow social distancing.
- When seated, attendees should be in groups of not more than _____ people.
- Schedule appropriate breaks in programming to allow for frequent GWC cleaning and disinfection of the rental space.

GRAND WAYNE CENTER standard cleaning/sanitation protocols as recommend by the CDC include:

- Provide a sanitation station with hand sanitizer for attendees to use before entering the rental space.
- Conduct frequent cleaning/disinfection of the rental space and high touch surfaces (eg. doorknobs, restrooms)
- Post notice to workers and attendees of important health information and relevant safety measures as outlined by the U.S. Centers for Disease Control or Indiana State Department of Health.
