Beyond convention. Beyond expectation.™

Our CONVERG Collaboration chairs are mobile, comfort-focused, and a versatile classroom option

THE NEW MOVEMENT IN MEETINGS:

REDEFINE THE CLASSROOM

Grand Wayne Convention Center's CONVERG is the "new movement" in classroom style meetings, revolutionizing the typical brain-dump session by encouraging attendee collaboration and engagement. By design, this unique system allows immediate, uninterrupted transitions from traditional rows to subgroups to full circles without having GWCC staff change or reset the room! As involved participants, constructive conversations and idea sharing generates a more productive meeting. CONVERG is remarkably comfortable and accommodating.

Additional Technology options include iPad control, 72-inch touch screen displays, ceiling mount laser projection with drop-down screens, and multiple video sourcing. CONVERG gives planners and presenters permission to re-imagine the classroom!

CONVERG allows attendees to rearrange instantly from classroom to smaller sub-group discussions with minimal disruption and without GWCC's room-set team

Alternate colors allows easy division and group management

A fleet of whiteboards and teaching tools encourage flexibility
